# Schools Supported

- Check & Connect is implemented in 35 schools
  - 1 Alternative School (Middle & High School)
  - 1 Elementary School
  - 16 Middle Schools
  - 17 High Schools
- More than 1450 students are receiving Check & Connect Support for the 2017-18 academic school year.

# Why Check & Connect?

- **Coordinated Early Intervening Services (CEIS)**
  - In 2004, Congress authorized the use of a limited amount of a district's federal Individualized Disabilities Education Act (IDEA) funds to be used for the purpose of providing CEIS to reduce academic and behavioral problems in the general education environment, thereby leading to fewer and more appropriate referrals for special education services.
- **The CEIS Plan**
  - Requires school districts that are disproportionate in the number of suspensions African American students with disabilities to use 15% of their federal IDEA funds to support efforts to address disproportionality

# DeKalb Disproportionality Data

## SIGNIFICANT DISPROPORTIONALITY - DURATION AND TYPE

### FY16 Determination

## Behavior Referral

### Teacher Behavior Referral

A **Behavior Referral** consists of two parts: 1) **Incident Information**, which gives the general information about the incident, and 2) **Participants and Events** which describes participants and the incidents for each event. Information entered into the referral will be viewable in the teacher's grade book on the student's **Behavior tab**.

1. From the left navigation bar, select **Behavior**, and then **Behavior Referral**.

**Incident Detail Information**  
This section stores information specific to the incident and will be shared on all participants behavior tab.

\*Alignment: Discipline  
\*Date of Incident: 07/30/2015  
\*Time of Incident: 01:28 PM

Title: Throwing paper

\*Context: 1: School hours  
Context Description: Throwing paper in the room

\*Location: 1: On campus  
Location Description: In the classroom

Notify (CTRL-click or SHIFT-click to select multiple): Bell, Collins, Clark, Jones, Davis, Dennis, Granger, Lile, Hudson, Stanley, Mills, Tracy

Damages: \$

Details: Student was throwing paper

**Events and Participants**  
This section will store event and participant information. Event Details will be shared across participants. Participant Details will only be displayed on that person's behavior tab.

Add Event/Participant Add Behavior Response

### Check & Connect Data Summary Worksheet

#### Understanding Overall Data

1. Look at the bar graph entitled "Overall Recorded Check & Connect Events." **Rank** the type of events (*Intervention, Communication, Behavior Problems*) from **least to most frequently** occurring:
  - 1) \_\_\_\_\_
  - 2) \_\_\_\_\_
  - 3) \_\_\_\_\_
2. Look at the bar graph comparing student tardies and absences.  
On average, how many times is each student **tardy**? \_\_\_\_\_  
On average, how many times is each student **absent**? \_\_\_\_\_
3. Look at the graph entitled "Time Spent on Basic v. Intensive Intervention."  
What **percentage** of time do you spend on **basic intervention** activities? \_\_\_\_\_  
What **percentage** of time do you spend on **intensive intervention** activities? \_\_\_\_\_
4. Examine the pie chart that displays reported student problem behaviors by type. **List** the **top three problem behaviors** for students.
  - 1) \_\_\_\_\_
  - 2) \_\_\_\_\_
  - 3) \_\_\_\_\_
5. Examine the pie chart that shows time spent communicating with different audiences. **Rank** the time spent communicating with **each audience** from **least to most frequently** occurring. For each, write the mode of communication you use most frequently (e.g. "parents / phone calls").
  - 1) \_\_\_\_\_ 2) \_\_\_\_\_
  - 3) \_\_\_\_\_ 4) \_\_\_\_\_
6. Look at the bar graph showing intervention activities by frequency. Use the button to the right of the graph to **select "Top 5 Intervention Activities"** that you spend time on. In order, **list and describe** what each of these activities looks like for you:
  - 1) \_\_\_\_\_
  - 2) \_\_\_\_\_
  - 3) \_\_\_\_\_
  - 4) \_\_\_\_\_
  - 5) \_\_\_\_\_Use the button to the right of the graph to **select "Bottom 5 Intervention Activities"** that you spend time on. In order, **list and describe** what each of these activities looks like for you:
  - 1) \_\_\_\_\_
  - 2) \_\_\_\_\_
  - 3) \_\_\_\_\_
  - 4) \_\_\_\_\_
  - 5) \_\_\_\_\_

### Check & Connect Data Summary Worksheet

#### Comparing Overall Data Over Time

*Switch between two tabs to compare data changes over time (e.g. September to March).*

1. For "Overall Recorded Check & Connect Events," has there been any **change in the frequency or ranking** of recorded **check & connect events**? **Describe**.  
\_\_\_\_\_  
\_\_\_\_\_
2. Look at the bar graphs comparing student tardies and absences.  
Have the average number of **tardies** per student **increased or decreased**? \_\_\_\_\_  
Have the average number of **absences** per student **increased or decreased**? \_\_\_\_\_
3. Compare graphs entitled "Time Spent on Basic v. Intensive Intervention." Has there been any **change in the way you split your time** between **basic** and **intensive** intervention? **Describe**.  
\_\_\_\_\_
4. Compare reported student problem behaviors over time. Have there been any **change** in the most **frequently occurring problem behaviors**?  
\_\_\_\_\_  
\_\_\_\_\_
5. For communication, has there been any **change** in your **frequency of contacting each of the four audiences**? For each audience, has your **mode of communication changed** or stayed the **same**?
  - 1) \_\_\_\_\_ 2) \_\_\_\_\_
  - 3) \_\_\_\_\_ 4) \_\_\_\_\_
6. Look at the bar graph showing intervention activities by frequency. Have your **"Top 5 Intervention Activities"** **changed**? Have your **specific activities** related to each **changed** over time?
  - 1) \_\_\_\_\_
  - 2) \_\_\_\_\_
  - 3) \_\_\_\_\_
  - 4) \_\_\_\_\_
  - 5) \_\_\_\_\_Have your **"Bottom 5 Intervention Activities"** **changed**? Have your **specific activities** related to each **changed** over time?
  - 1) \_\_\_\_\_
  - 2) \_\_\_\_\_
  - 3) \_\_\_\_\_
  - 4) \_\_\_\_\_
  - 5) \_\_\_\_\_

- Complete this worksheet using graphs from "Month" tabs
- Use to analyze group data and changes over time

# Answering Questions 1, 2 & 3

1. Look at the bar graph entitled "Overall Recorded Check & Connect Events." Rank the type of events (Intervention, Communication, Behavior Problems) from **least** to **most frequently** occurring:

- 1) INTERVENTIONS
- 2) COMMUNICATIONS
- 3) BEHAVIOR PROBLEMS

2. Look at the bar graph comparing student ~~tardies~~ tardies and absences.

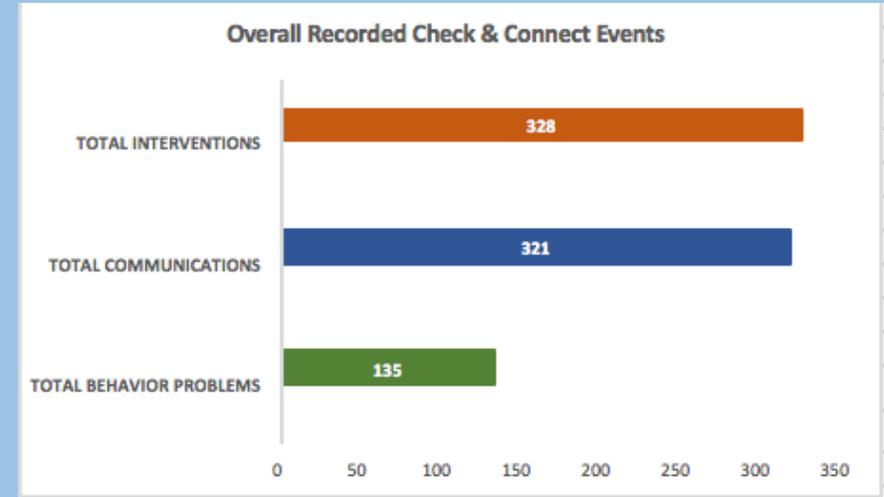

On average, how many times is each student **tardy**? \_\_\_\_\_

On average, how many times is each student **absent**? \_\_\_\_\_

3. Look at the graph entitled "Time Spent on Basic v. Intensive Intervention.

What percentage of time do you spend on **basic intervention** activities? \_\_\_\_\_

What percentage of time do you spend on **intensive intervention** activities? \_\_\_\_\_

Use this graph to compare total check and connect events by category

# Answering Questions 1, 2 & 3

1. Look at the bar graph entitled "Overall Recorded Check & Connect Events." Rank the type of events (Intervention, Communication, Behavior Problems) from **least** to **most frequently** occurring:

- 1) \_\_\_\_\_
- 2) \_\_\_\_\_
- 3) \_\_\_\_\_

2. Look at the bar graph comparing student tardies and absences.

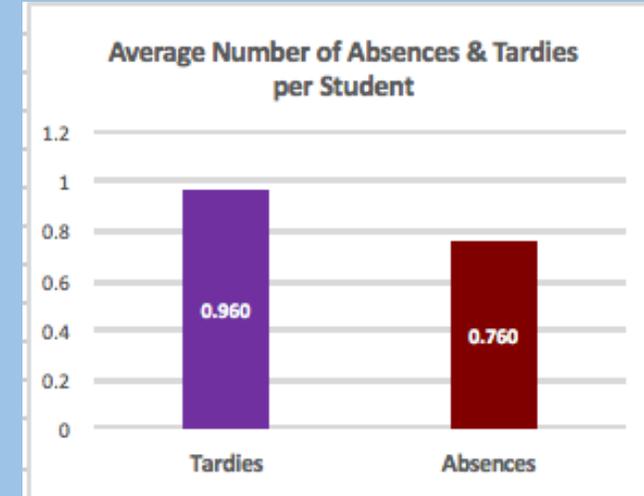

On average, how many times is each student **tardy**? ONCE

On average, how many times is each student **absent**? ONCE

3. Look at the graph entitled "Time Spent on Basic v. Intensive Intervention.

What percentage of time do you spend on **basic intervention** activities? \_\_\_\_\_

What percentage of time do you spend on **intensive intervention** activities? \_\_\_\_\_

Use this graph to see the average number of times each student is tardy or absent

# Answering Questions 1, 2 & 3

1. Look at the bar graph entitled "Overall Recorded Check & Connect Events." **Rank** the type of events (Intervention, Communication, Behavior Problems) from **least** to **most frequently** occurring:

- 1) \_\_\_\_\_
- 2) \_\_\_\_\_
- 3) \_\_\_\_\_

2. Look at the bar graph comparing student **tardies** and absences.

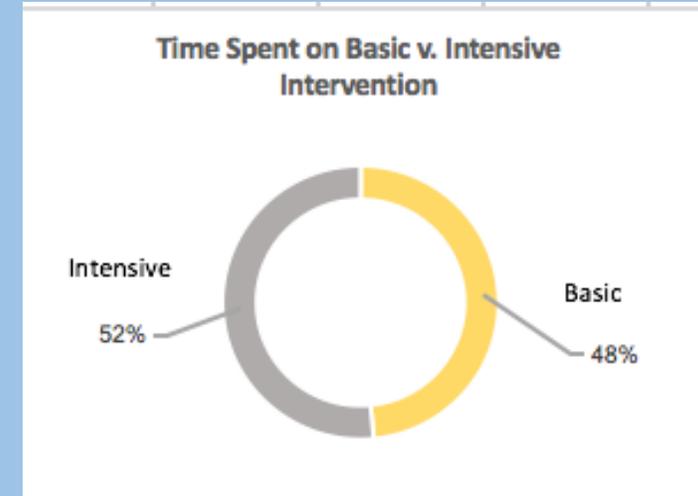

On average, how many times is each student **tardy**? \_\_\_\_\_

On average, how many times is each student **absent**? \_\_\_\_\_

3. Look at the graph entitled "Time Spent on Basic v. Intensive Intervention."

What **percentage** of time do you spend on **basic intervention** activities? 48%

What **percentage** of time do you spend on **intensive intervention** activities? 52%

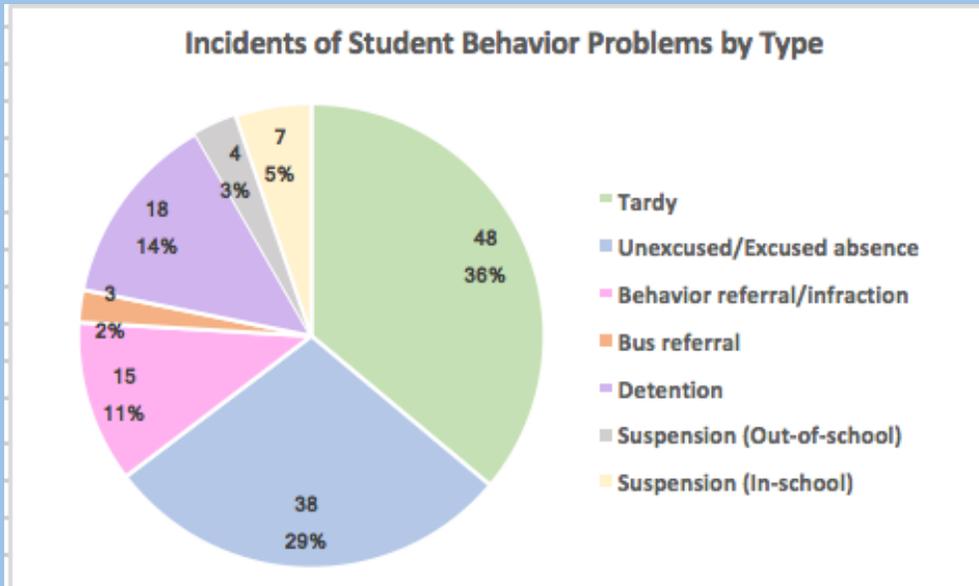

Use this graph to compare the percentage of time spent on basic and intensive intervention

# Answering Question 4

4. Examine the pie chart that displays reported student problem behaviors by type. List the **top three problem behaviors** for students.

- 1) TARDY
- 2) UNEXCUSED/EXCUSED ABSENCES
- 3) BEHAVIOR REFERRALS/INFRACTIONS

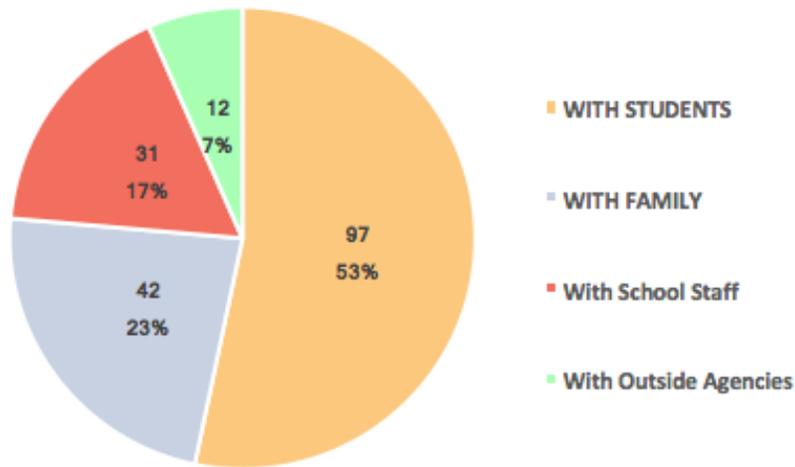

Use this graph to see the percentage of time that each problem behavior is occurring

# Answering Question 5

5. Examine the pie chart that shows time spent communicating with different audiences. Rank the time spent communicating with **each audience** from **least to most frequently** occurring. For each, write the mode of communication you use most frequently (e.g. "parents / phone calls").

- 1) STUDENTS / INFORMAL
- 2) FAMILIES / PHONE
- 3) SCHOOL STAFF
- 4) OUTSIDE AGENCIES

Coach Communication by Audience

Use this graph to see the percentage of time that you are communicating with students, families, school staff and outside agencies

CONNECT  
COMMUNICATION

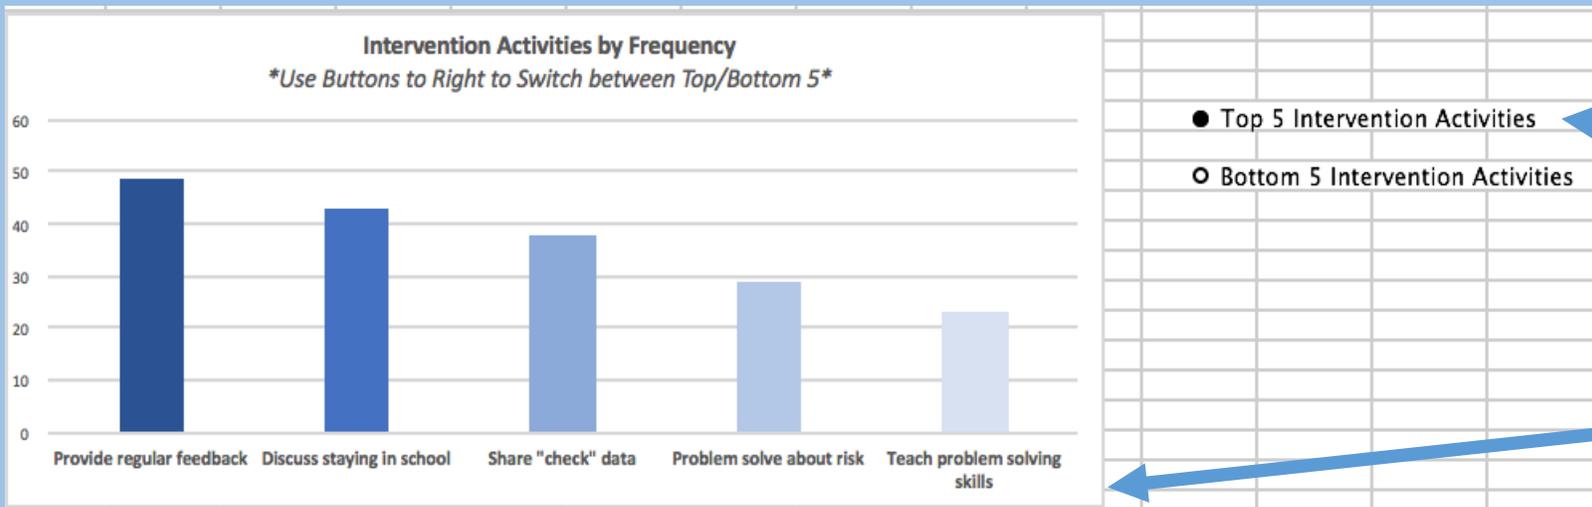

WITH STUDENTS	Formal	38
	Informal	59
	<b>Total Communications with Students</b>	<b>97</b>
WITH FAMILY	Attempt/not reached	12
	Left message	6
	Note home	2
	Phone conversation	19
	Meeting	2
	Home visit	1
	<b>Total Communication with Family</b>	<b>42</b>
	With School Staff	31
	With Outside Agencies	12
<b>TOTAL COMMUNICATIONS</b>		<b>321</b>

Use the "Communication" cells to see the specific ways you communicated with students and families

# Answering Question 6

6. Look at the bar graph showing intervention activities by frequency. Use the button to the right of the graph to select **“Top 5 Intervention Activities”** that you spend time on. In order, list and describe what each of these activities looks like for you:

- 1) Provide regular feedback - individual meetings
- 2) Discuss staying in school - small group meetings to review attendance
- 3) Share “check” data - review data in excel sheet and individual data worksheet
- 4) Problem solve about risk - make action plans for student’s top problem behaviors
- 5) Teach problem solving skills - small group problem-solving scenarios

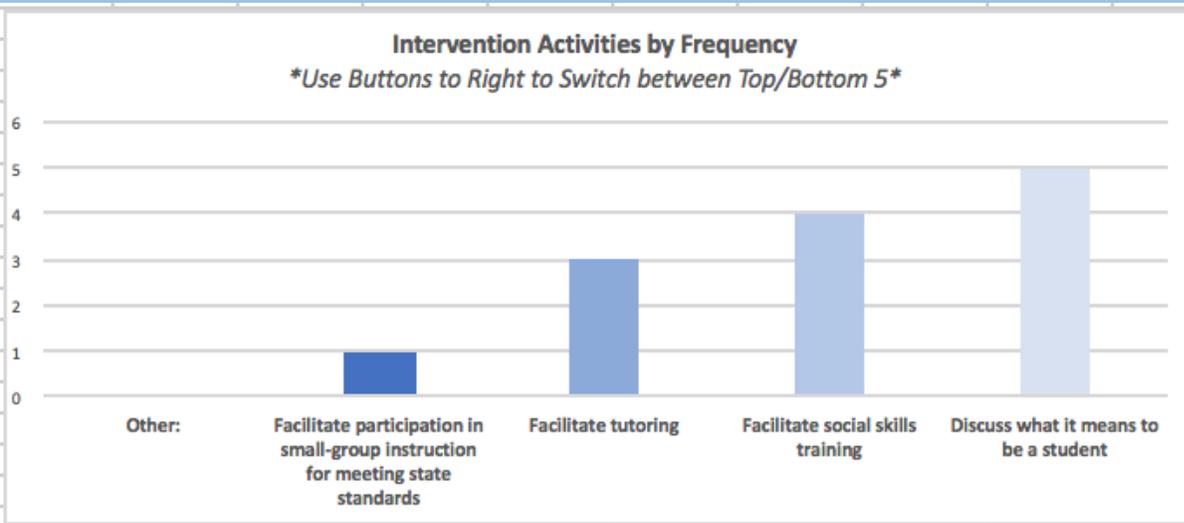

Make sure the circle next to **“Top 5”** is shaded

Look at the five intervention activities that you spend the most time on

# Answering Question 6

Use the button to the right of the graph to select **“Bottom 5 Intervention Activities”** that you spend time on. In order, list and describe what each of these activities looks like for you:

- 1) Small group instruction - discuss upcoming IEP meeting with student
- 2) Facilitate tutoring - after school homework help time
- 3) Facilitate SST - group social skills training using structured program
- 4) Discuss what it means to be a student - go over the basic steps to success (attendance, participation, work completion)
- 5) \_\_\_\_\_

○ Top 5 Intervention Activities

● Bottom 5 Intervention Activities

Make sure the circle next to **“Bottom 5”** is shaded

Look at the five intervention activities that you spend the least time on

\*Ignore activities you recorded

# Answering Question 1-3: Overall Data

## Check & Connect Data Summary Worksheet

### Comparing Overall Data Over Time

*Switch between two tabs to compare data changes over time (e.g. September to March).*

1. For “Overall Recorded Check & Connect Events,” has there been any **change in the frequency or ranking** of recorded **check & connect events**? **Describe.**

*Describe trends in your data over time (e.g., across months). There was an increase in time spent talking about the importance of school (e.g., reviewing grades, credits, etc.)*

2. Look at the bar graphs comparing student **tardies** and absences.

Have the average number of **tardies** per student **increased** or **decreased**? *No- or yes for some students*

Have the average number of **absences** per student **increased** or **decreased**? *Refer to total number*

3. Compare graphs entitled “Time Spent on Basic v. Intensive Intervention.” Has there been any **change in the way you split your time** between **basic** and **intensive** intervention? **Describe.**

*Decrease in intensive interventions because students are maintaining goals*

# Answering Question 4-6: Overall Data

4. Compare reported student problem behaviors over time. Have there been any **change** in the most **frequently occurring problem behaviors**?

The number of absences have decreased by approximately 20%; however, the number of tardies has increased. Essentially, students are coming to school more often but are either skipping parts of class or are late to class

5. For communication, has there been any **change** in your **frequency of contacting each of the four audiences**? For each audience, has your **mode of communication changed** or stayed the **same**?

1) Yes- explain how

2) Stayed the same- explain

3) Yes- explain how

4) Yes- explain trend

6. Look at the bar graph showing intervention activities by frequency. Have your **“Top 5 Intervention Activities”** **changed**? Have your **specific activities** related to each **changed** over time?

1) What are your top 5 activities- next to them, mark whether they have increased decreased or stayed the same

2) increased decreased or stayed the same

3)

4)

5)

Have your **“Bottom 5 Intervention Activities”** **changed**? Have your **specific activities** related to each **changed** over time?

1) What are your top 5 activities- next to them, mark whether they have

2) increased decreased or stayed the same

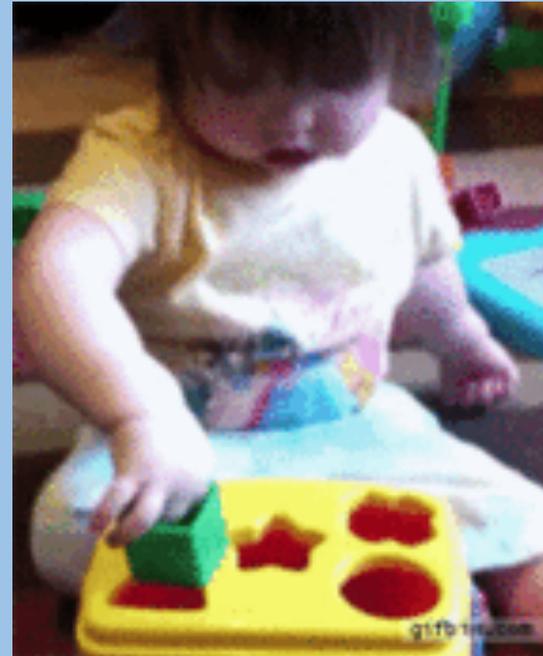

3)

4)

5)

# Barriers to Implementation with Fidelity

- Several Layers of Approval
- Delayed start
- Communication
- Grade level selections – year one
- Mentor mobility – year two
- 40 students vs 50 students
- Differences across building administrators
  - Assignment of additional duties
  - Student Referrals

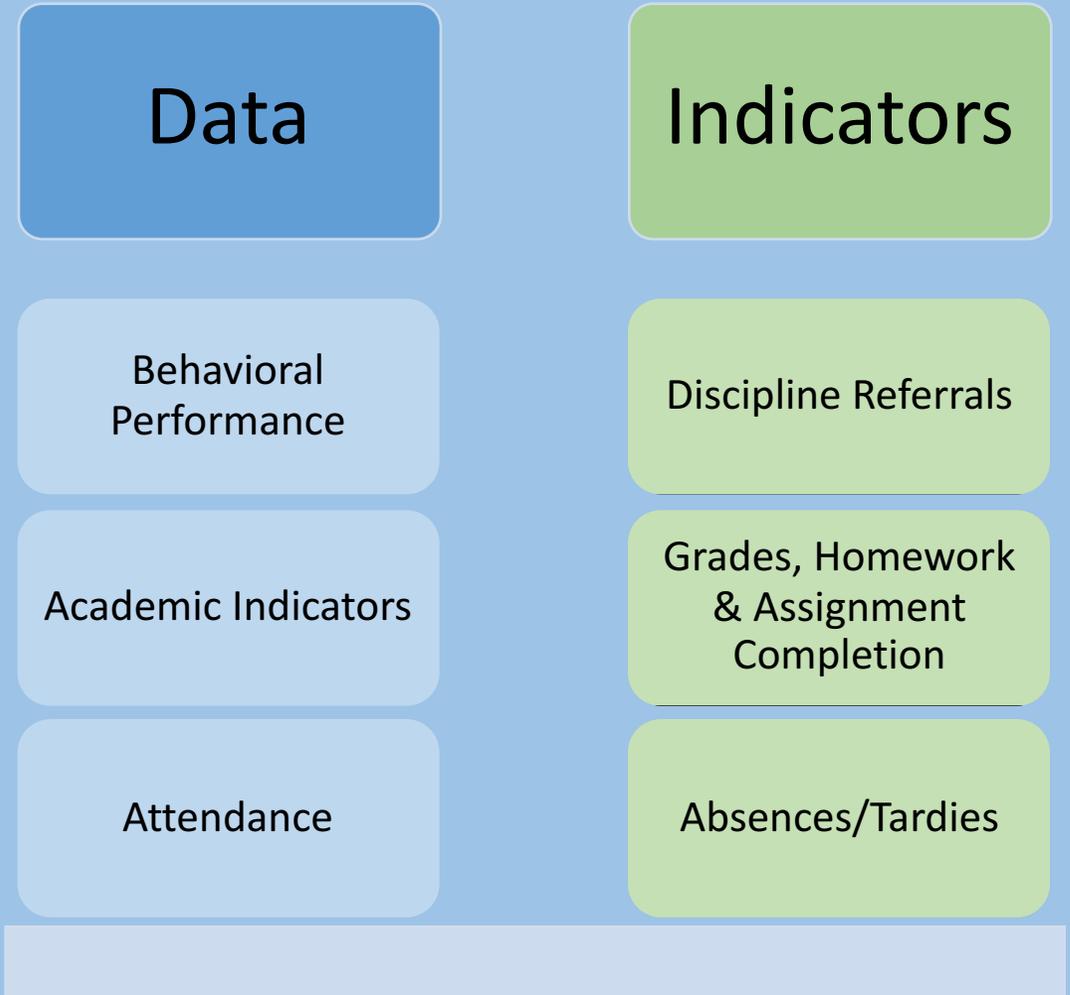

# Next Steps

- Refining Applied Skills of Mentors
  - Targeted professional related to:

# Linking Data to Indicators

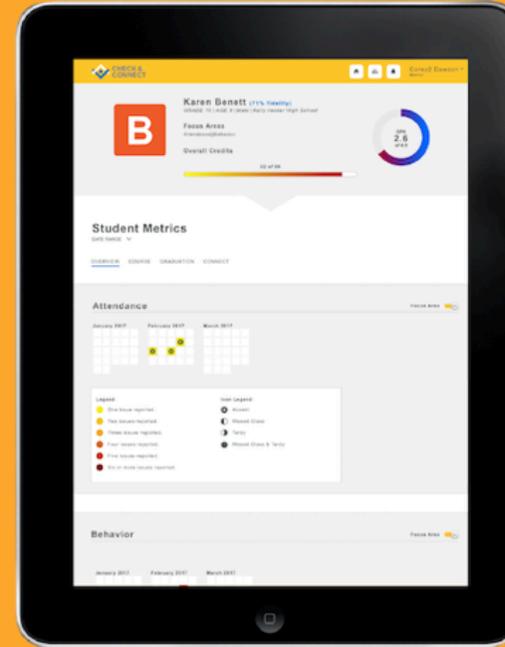

*Data-based conclusions should be informed by measuring appropriate indicators of student behaviors.*

# Next Steps

- Increased data monitoring
- Check & Connect App
  - Increased data monitoring

## Check & Connect Web-based App Coming Fall 2017

Check & Connect's new APP is designed to help sites implementing our student engagement intervention with the daily tasks of monitoring and reporting on student progress using their tablet or computer.

With the C&C APP, you can more easily –

- Keep students on track to graduate
- Enhance fidelity of C&C implementation
- Save time in data entry and analysis
- Share visual trends in real time
- Customize monitoring and reporting to suit your site

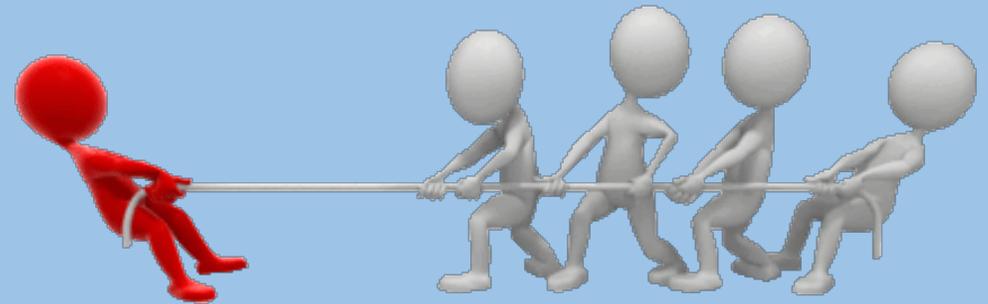

Available fall semester of 2017 however you can pre-order now.

[Pre-order the C&C APP](#)

[Preview the APP](#)

# Next Steps

- Support for Mentors
  - Increased individual monitoring (tiered supports)
    - Data logs
    - Assessing how time is distributed
    - Linking of C&C to student needs

Thank You!!!
